Jim Jennings Transmissions Earns Top Shop Award

Oxnard, CA – January 7, 2008 – The Automatic Transmission Rebuilders Association (ATRA) has just announced that Jim Jennings Transmissions has been recognized for providing “unrivaled customer satisfaction for auto repairs and service.”

Over the last several months, ATRA has asked customers to rate Jim Jennings Transmissions’s service for its attention to courtesy, competence, quality and cleanliness. These ratings were evaluated and quantified by an independent panel in the ATRA home office in Southern California; only shops receiving a rating of 95% or higher qualified.

“We’re extremely proud of Jim Jennings Transmissions’s accomplishment, and to have them as ATRA Members,” says ATRA CEO Dennis Madden. “Their work, competence and integrity is an example to transmission repair shops from coast to coast.”

Jim Jennings Transmissions is located at 601 Eastern Blvd, Essex, MD 21221-4908. Customers can contact them to discuss service or repair consultations at (410) 686-6700, or can visit their web site at www.jimjenningstransmissions.com.

ATRA is an international association of transmission repair professionals, dedicated to providing unparalleled levels of honesty, integrity and quality in transmission service and repair. Members are bound by the Association’s Code of Ethics, which includes supporting the Golden Rule Warranty, an exclusive transmission warranty honored in nearly 2000 member shops all across the US and Canada.
